

International Consortium on Landslides

A Programme of  
the ICL for ISDR

## Invitation for ICL Supporter 2018

The International Consortium on Landslides (ICL) is an international non-governmental and non-profit scientific organization established in January 2002 by universities, institutes, government organizations, academic societies and other entities worldwide. The consortium aims to promote landslide research for the benefit of society and the environment, and capacity building, including education, notably in less developed countries.

In order to support landslide risk reduction efforts by scientists/engineers from developing countries and young scientists from developed countries, ICL publishes the monthly full color journal “Landslides” without a fee for full color printing. It has a 2016 impact factor of 3.657 and it is the most influential journal in the “Geological, Engineering” category of the Web of Science. In order to promote global promotion of landslide disaster risk, ICL has organized a World Landslide Forum every three years. Those forums comprise WLF1 in Tokyo 2008, WLF2 in Rome 2011, WLF3 in Beijing 2014, WLF4 in Ljubljana 2017, and the next WLF5 will be organized in Kyoto 2020.

ICL is now planning to create the “Kyoto 2020 Commitment for Global Promotion of Understanding and Reducing Landslide Disasters” which will be signed in the Kyoto International Conference Hall, Kyoto, Japan during the Fifth World Landslide Forum on 2-6 November 2020. ICL supporters are invited to join this Kyoto 2020 Commitment together with the partners of the ISDR-ICL Sendai Partnerships 2015-2025 as well as the ICL members and jointly cooperate for the global promotion of landslide disaster risk reduction.

ICL requests your organization to support our activities as ICL supporter.

- Banners (logo + name + weblink) of ICL supporters will be shown on the top page of the ICL WEB. Names of ICL supporters are printed as a part of the ICL structure on the last page of every issue of the monthly journal “Landslides” and of all volumes of WLF5 proceedings including other ICL books.
- ICL supporters are invited to contribute their activities to the article category of News/Kyoto Commitment of the monthly journal “Landslides”.
- The ICL will provide one or two printed copies of the journal Landslides and one Token (digital access and the download key to all past issues of the journal Landslides) to ICL supporters without cost.
- ICL Secretariat (Kyoto, Japan) accepts consultation from ICL supporters and assists their initiatives for landslide disaster risk reduction activities through ICL-IPL Networks.

We thank you very much for your support to the ICL activities, and look forward to having you join the ICL.

With best regards,

Peter Bobrowsky  
President of ICL  
Geological Survey of Canada

# Registration Form for ICL Supporter

## 1. Organization

Name of Organization:	
Name of Contact person (position)	
Website Address:	
Postal Address:	
E-mail:	
Tel:	Fax:
Amount of Support per year: Please select the appropriate amount.	
1). 1000 USD	2). 2000 USD

## 2. Payment of Membership Fee

Please send the registration form to ICL Secretariat and credit the registration fee to ICL Bank Account. Currency of membership fee should be one of USD, EURO and JPY.

### ICL Bank Account

Bank of Kyoto, Hyakumanben Branch  
SWIFT Code: BOKFJPJZ  
Account Name: ICL Kyoji SASSA  
Account Number for USD: (146)2002159  
Account Number for EURO: (146)2002168  
Account Number for JPY: (146)4103533

## 3. ICL Secretariat

International Consortium on Landslides (ICL)  
138-1 Tanaka-Asukai cho, Sakyo-ku, Kyoto 606-8226, Japan  
Tel: +81 (75) 723 0640, Fax: +81(75) 950 0910  
secretariat@iclhq.org, URL: <http://icl.iplhq.org/>
